

This is a Watch-Your-Step CLOTHING Season!

You can't be sure that you get all you pay for unless you are guided by your past experiences of others. Don't let tempting price tags lure you away from the clothing you know is absolutely reliable and always full value. Real economy is determined by quality. You know that. And quality is back of our reputation, always, regardless of price. There is quality in the all-wool fabrics, the sense of style and the manner of tailoring.

The new fall and winter models in Suits and Overcoats, for men and young men, different as they are better, are really worthy values at \$50 to \$60.

CROMWELL'S CAN- VASS GIVES MORROW LEAD OVER STATE

Election of Government May Be Decided in Three Counties Says Political Expert Showing Morrow in the Lead.

Thomas B. Cromwell, of Lexington, the Cincinnati Enquirer's political expert finds Edwin P. Morrow the favorite over Governor Black in his post card canvass. Cromwell says:

The writer's post card canvass indicates the race for state offices, to be decided at the regular election Tuesday, November 4, to be close, and, if the estimates thus far received are dependable, they appear to be, indications are that determination of the contest will rest with the voters of Jefferson (Louisville), Kenton (Covington) and Fayette (Lexington) counties.

Thus far estimates have been received and recorded for 111 of the 120 counties. The nine counties not included are Green and Hart, in the First Congressional District; Jefferson, which comprises the Fifth District; Kenton, in the Sixth; Fayette, in the Seventh; Garrard and Jessamine in the Eighth; Bath, in the ninth and Martin, in the Tenth.

Cards indicate that Governor James D. Black, head of the Democratic ticket, will carry the First District by 9,825; the Second, by 2,550; the Fourth by 1,325; the Sixth, by 4,250; the Seventh, by 6,750; the Eighth, by 1,500; the ninth, by 1,400, and that Edwin P. Morrow, his Republican opponent, will carry the Third District by 275; the Tenth, by 7,350, and the Eleventh by 20,375.

Governor Black's majorities in the seven districts accredited to him total 27,600, while Mr. Morrow's majorities in the Third, Tenth and Eleventh Districts total 28,000, making a difference of 400 votes to Morrow's favor.

Green and Martin counties consistently are Republican, the former usually giving from 275 to 300 majority, while the latter in 1915 gave to Morrow, over present United States Senator A. O. Stanley, 392; the following year in the Presidential election recorded 820 more for Hughes than for Wilson, and last year in the Senatorial race afford Dr. Ben L. Bruner 620 more than Stanley.

Hart County went to Morrow four years ago by 203, but switched into the Democratic column by 17 in the Presidential race, and went back to the Republican side last year, giving to Bruner 248 more than Stanley.

Bath county gave to Stanley 160 more than Morrow; went to Wilson by 436, and last year flopped into the Republican column. Bruner 20 more than Stanley.

Garrard county four years ago gave to Stanley 68 more than Morrow, but it switched the next year, giving to Hughes a majority of 253, and last year Bruner 253 more than Stanley.

Jessamine county consistently is Democratic by from 120 to 400 but voters there to whom cards have been sent seem to be having difficulty on arriving at the probable trend of the vote this year, since none of the cards has come in.

If, for the sake of deduction, we conclude that Black is as strong as Stanley was four years ago in those six counties, and that Morrow is no stronger and no weaker than he was at that time, the result would be 472 votes to Morrow's favor, and that would send him to Fayette with a lead of 872 votes over Black.

Four years ago Morrow won Fayette from Stanley by 499 votes, while Black (running for Lieutenant Governor) carried it by 76 votes over Lewis L. Walker. Three years ago it gave to Wilson 876 votes more than Hughes and last year went back into the Republican column, giving to Bruner 94 more than Stanley.

Until Senator Stanley came here and delivered his address last Wednesday night Morrow was considered to have Fayette by at least 400 votes, but the impression made by the junior Senator was so favorable that the result may be in Black's favor by 200 or 300 votes, all depending upon what is done during the closing week of the campaign.

If Black should carry Fayette by 200 votes, that would put Morrow with a lead of 572. Stanley carried Kenton over Morrow by 2,495; Wilson carried it over Hughes 5,235 and Stanley over Bruner 3,081. The writer passed a half day in Covington last week discussing conditions with various persons, regardless of party affiliation, and the largest claim made for Black was 1,000, while a number of Republicans seemed to be confident that Morrow would carry the county by as much as 1,000.

That's what Republican State Campaign Chairman Chesley Searcy says will be the result there, but for the sake of argument let us count it 1,000 for Black.

That would put the Governor into Louisville with a lead of 472, and, if the estimate of Chairman Frank McGrath, of the Louisville Democratic organization, proves to be correct, he

SUNDAY SCHOOL ATTENDANCE SHOWS INCREASE

A fine increase is noted in several of our city schools. The "Big Four" are drawing closer to each other, all passing the 125 mark. Why not pass the 150 mark next Sunday. There should be a number of our schools with 200 regular attendance. Now is the finest time in the year to boost the attendance.

Mrs. Edwin P. Morrow, of Somerset, after spending several days with friends here, left this morning for Covington and will join her husband, the Republican nominee for Governor of the state, in Louisville tomorrow.

would win by 2,972 votes, but if the estimate of Chairman Chesley Searcy should prove to be correct, Morrow would win by 4,523 votes.

Public Sale
Of a Well Improved, Well Located Small Farm
THURSDAY, OCTOBER 30th
At 10 O'clock

Mr. John W. Wilson, having bought a much larger farm, has authorized us to offer to the highest bidder his small farm of 62 acres, located right in the town of Rectortown. On this farm there is a six-room frame house, tobacco barn, cream station, and the usual outbuildings that go to make up a well improved small farm. The larger portion of the farm is in grass, much of which is blue grass.

There are many things about this farm that should appeal to the man with a family looking for a small farm, chief of which is the advantages of a high school right at your door, creamery station on the farm which would give you the opportunity to sell off a part of the land at a big figure any time you would offer it. We are putting this farm up to sell and not see what it is worth, so if you are not there to buy it when it is knocked down, don't blame us if you have to spend the winter running around looking for a place to move to. March 1st. Terms will be made known on day of sale, but will be reasonable.
